# ABOUT US

## About us

We are an Estonian company which supports the physical exercise habits in children. What started out as a small family firm has become a major exporter in the sector. For years, we have exported our products to more than 20 countries - mainly Sweden, Finland, Norway, Denmark, Poland, Latvia and Lithuania - but we have delivered also to Qatar, Hungary, Russia, Italy, Austria, Holland, Taiwan, Cyprus, Croatia, Serbia, Slovenia and Asia. Tiptiptap's playgrounds are more than just structures – every product embodies our goal of supporting child development through play and movement. With our products you can enjoy safe play!

## Our products

We manufacture playgrounds which are developmental, safe and durable. We contribute to the improvement of various physical skills of children because an environment supporting the inherent need to move ensures the necessary physical load and development. Children find all our playgrounds attractive – it's up to the adults to choose the right product. The playgrounds consist of various items which allow designing an unlimited number of diverse playgrounds.

## Target groups

Joy of play is not age-related – that's how we know why adults are also fond of Tiptiptap's playgrounds although they are designed for children! Clear and pure colours attract attention and exciting structures allow children testing their limits safely – with physical effort supporting development – and it makes them feel good every time they manage to exceed their limits! Our playgrounds put a sparkle in the children's eyes regardless of location, time or age. A smart choice with a lot of joy!

## Why choose our products

Since 2004, Tiptiptap has grown hand in hand with the dreams and wishes of children. We know what children expect and customers need. We put safety first - all our products are tested by TÜV Süd Product Service GmbH, TÜV-certified and meet the standard EN 1176:2008.

Tiptiptap's playgrounds are made of durable and modern materials and all finishing solutions are free of toxins. The range of materials includes mostly laminated timber, plastic coated plywood, UV proof plastic, aluminium, and stainless steel. Besides the standard range we offer four different material solutions for all products (the corresponding suffix is added to the standard product code):

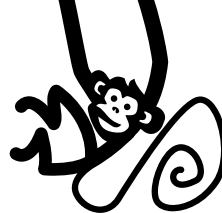

- **AL** - wooden posts are replaced with aluminium posts of the same profile.
- **PE** - all plywood elements are replaced with plastic components (HDPE).
- **ALPE** - wooden posts are replaced with aluminium posts and all plywood elements with plastic components (HDPE).
- **MF** - maintenance-free product, sturdy posts made of aluminium profiles, durable plastic panels (HDPE), and wear-proof platforms and stairs coated with plastic. Maintenance-free products are extremely durable, weatherproof, vandal-proof and bright-coloured, and come with a warranty period which is twice as long!

We are always there to help and guide: from planning of the playground area and choosing the products to determining the optimal layout of structures and providing playground maintenance.

Enjoy safe play!

**Tiptiptap OÜ**

# NEW VISION

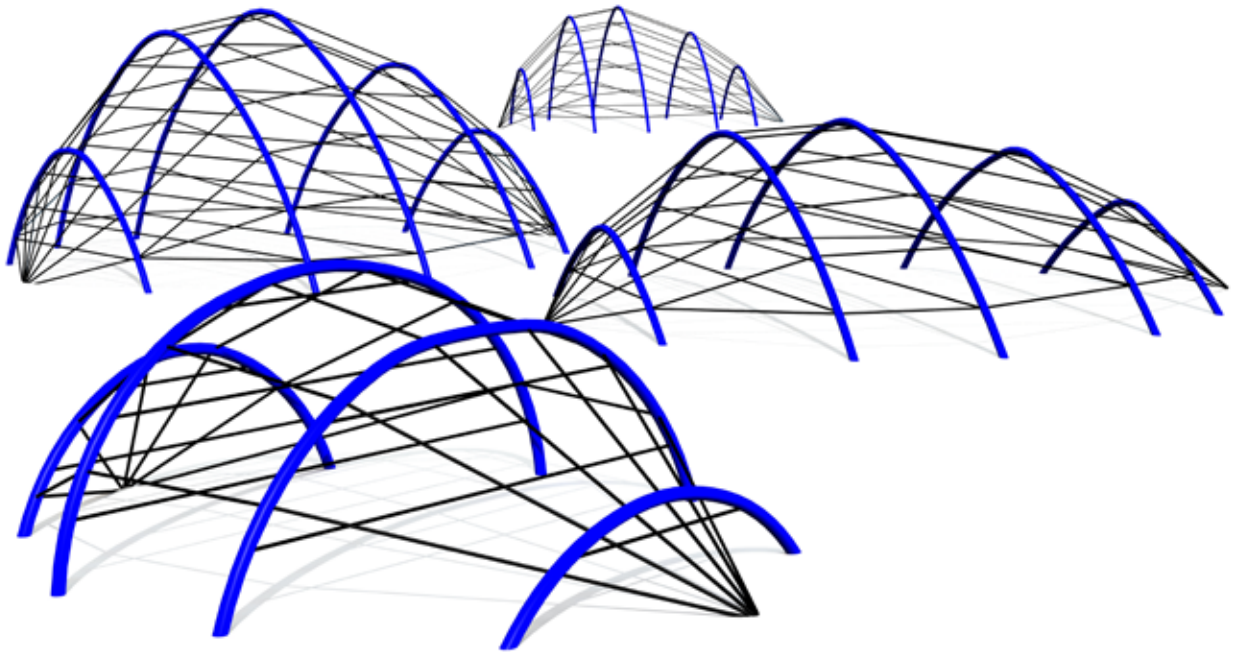

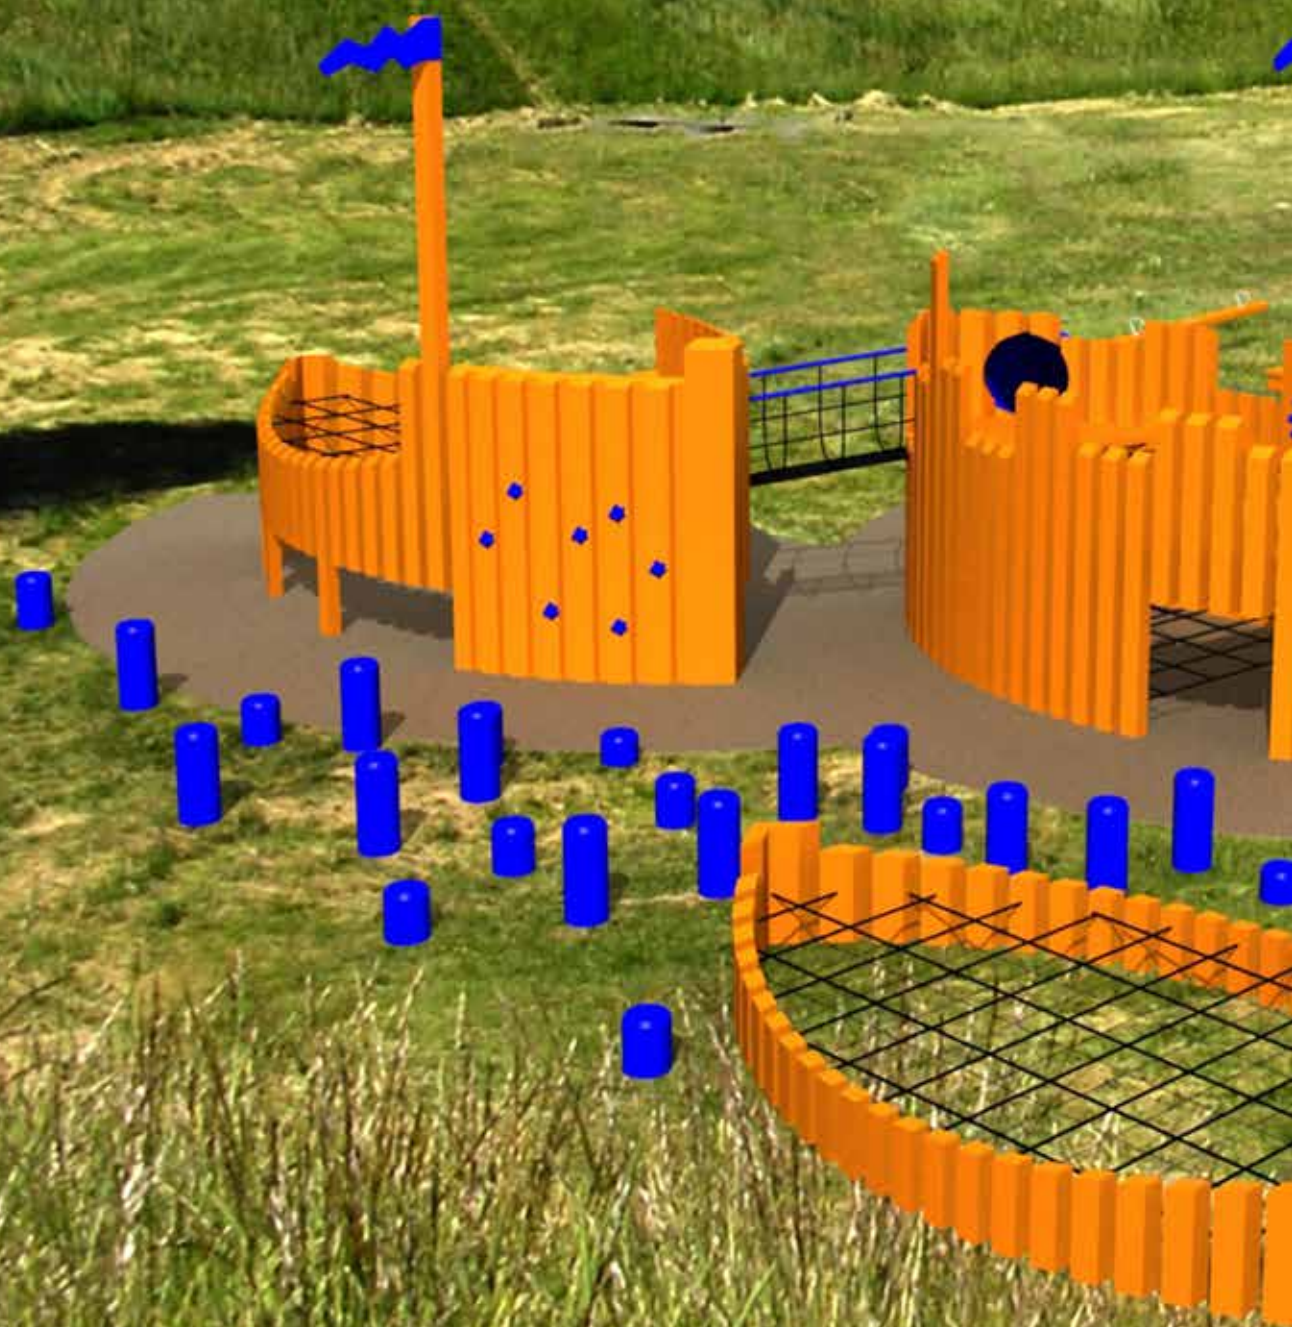

## NEW VISION

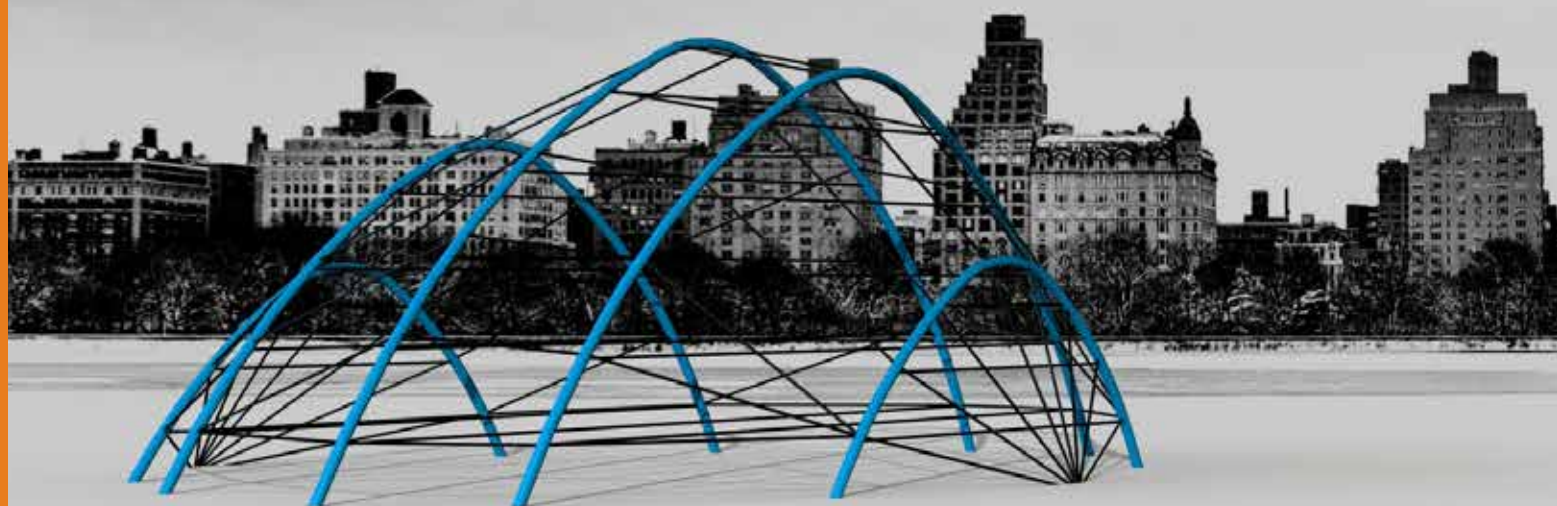

AMAZON

## AMAZON RANGE

*This product range inspired by the ornaments of nature people allows the children to embody brave little monkeys who fearlessly tackle new challenges. The Amazon adventure track develops the sense of balance and rhythm in children, enhances their stamina, and generates pure joy every time they manage to exceed their limits.*

*This range based on the folklore and ornaments of nature people fits both urban and rural environments adding value to every park and yard. Safe and durable climbing nets, walls and ladders as well as swings, slide tunnels and channels invite small adventurers to test themselves. An adventure track tailored to the specific surroundings can be assembled from the different products in the Amazon range according to the customer's request.*

*Amazon is suitable from the age of 4, but it can offer a multitude of activities to much older children as well.*

*Materials and installation: The Amazon range is made of durable laminated timber and it has been awarded the relevant quality certificates. Posts of laminated timber decorated with different ornaments are joined together using the innovative mortise joint. The cross-section of the posts is 100mm x 236mm and the nets between them are made of extremely durable 16mm steel rope designed for climbing which is coated with polyester and features plastic joints. The climbing wall with climbing rocks is made of waterproof birch plywood. The products are concreted to the ground using metal fittings. For the purpose of safety, it is recommended to use sand or rubber mats beneath the playground facilities.*

# *WATER WORLD*

## WATER WORLD RANGE

*This product range features a colourful and exciting underwater world. Just like the water world lures you with its mystery and beauty, these products invite children to undertake exciting exploration trips and test themselves by tackling these new challenges. The underwater world is extremely diverse and the same kind of diversity is provided by the Water World range.*

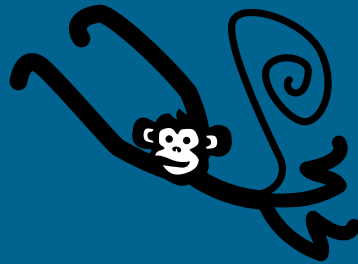

*The sense of balance and three-dimensional movement characteristic to fish have given us ideas how to develop the sense of balance in children. The underwater life surrounding the coral reefs inspired us to create the same kind of attractive product range which no playful kid could resist!*

*Climbing nets, walls, ladders and tracks of various level of difficulty are in bright colours and invite small adventurers to discover themselves through play. The range displays colourful fish and other aquatic creatures which make the products look lively and boost the children's fantasy!*

*Water World is suitable from the age of 4, but it can offer the joys of discovery and movement to much older children as well.*

*NEW! Water World series are now maintenance free (Maintenance free - MF)*

*Maintenance free products are made of aluminium posts, HDPE plastic panels and plastic covered platforms and stairs. Maintenance free products are super durable, weather- and vandal-proof, in vivid colours and have double warranty!*

*All Water World series products  
are maintenance-free (MF)*

# *PIRATE WORLD*

## PIRATE WORLD RANGE

*Defying wind and storm, disregarding treacherous rocks and dangers, searching for major treasures – this is how some famous pirates who still inspire books or movies have secured their place in history. Our Pirate World range features those thrilling stories and allows every small daredevil to feel just like a fearless captain of a pirate ship!*

*The products in the Pirate World range consist of climbing nets, tracks, walls and ladders which develop stamina and sense of balance and where the small pirates boldly overcome all obstacles in their way. Racing down the slides, a true pirate captain defies winds and storms with the skull flag always proudly fluttering above his/her head!*

*Playgrounds of various level of difficulty come in bright colours to support the concept of the Pirate World. Fearless pirate captains on our playgrounds always sail before the wind – you're welcome to step on board!*

# ZODIAC

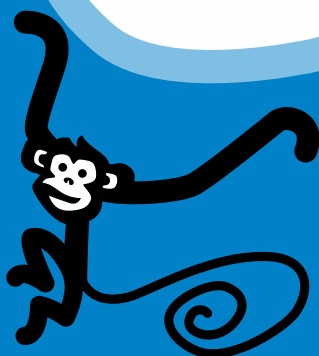

## ZODIAC range

*The starry sky has always attracted people with its mystique and endless space. Just like astronomy answers our questions about the outer space and astrology instils belief in constellations, our new Zodiac range helps better understand the secrets of the universe.*

*Why do stars look so tiny? How does the Moon wax and wane? How big is outer space? What does the Ursa Major carry? Where do UFOs live? Does the time machine exist? What is my Zodiac sign? The children's questions never end, but seeking answers to these questions together is just as educational and exciting as the products in our Zodiac range.*

*The Zodiac range fuels their dreams and the same sparkle-eyed kid climbing on the net, racing down the slide or exploring the world through an illuminator just might be a future astronaut or astronomer.*

*FRESH*

## FRESH

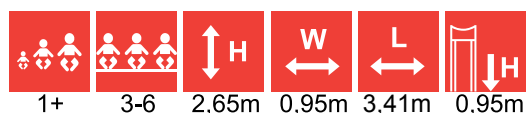

Feel the fresh spring breeze mixed with the warm sun and cool snow. Breathe in and let energy flow through you. This way you'll get the strength to act. And this is how the Fresh line was born!

Colours that convey energy (green), freshness (blue) and clarity (grey) form an eye-catching combination that attracts like a magnet. All our regular products can be ordered in Fresh colours whereas maintenance-free (MF) materials prevent surface wear and colour fading.

Fresh means freshness that is here to stay!

## ACTIVITY PANELS AND CLIMBING WALLS

To further add diversity to our products we created a wide range of activity panels which make the playgrounds even more fascinating for children. The development-oriented activity panels create playful situations to teach children to calculate, solve puzzles, learn shapes, learn to tell time etc. This trains their memory, logical thinking and attentiveness. Learning has never been so simple and fun!

The appropriate activity panel can be selected instead of the standard panel while ordering a new playground, alternatively it can be ordered for an existing playground to refresh it and make it more fascinating for children. Climbing walls can be replaced with activity walls - just as activity panels are an alternative to standard panels. Both options add further attraction to the playground!

## SEASONS - 4 different colour options

*In addition to the standard palette, the products can be supplied in four different colour combinations. Inspired by nature's amazing colour play we have created different colour solutions for our playgrounds based on the four seasons -*

*SUMMER – bright and lively colours characteristic to summer (product in standard colours)*

*AUTUMN – the colours of the autumn (grey slide channel, yellow timber, black panels and ropes)*

*WINTER – brisk beauty of the winter (grey slide channel, blue timber, grey and blue panels, black ropes)*

*SPRING – the miracle of the burgeoning spring (grey slide channel, blue timber, orange panels, black ropes)*

*A harmonious result is achieved by a colour solution of your taste!*

### LM208-1 SUMMER

## SEASONS

LM208-1 AUTUMN

LM208-1 WINTER

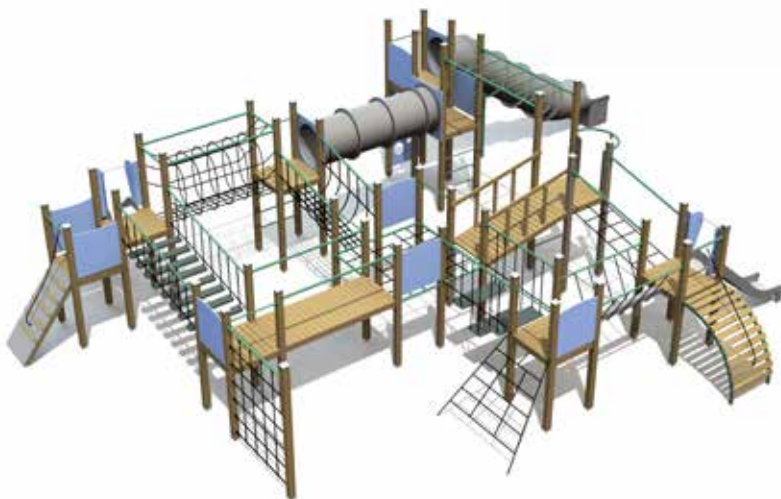

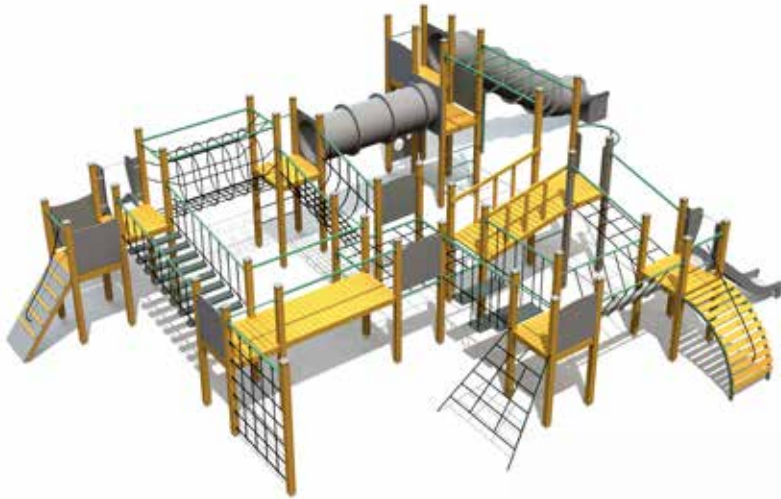

LM208-1 SPRING

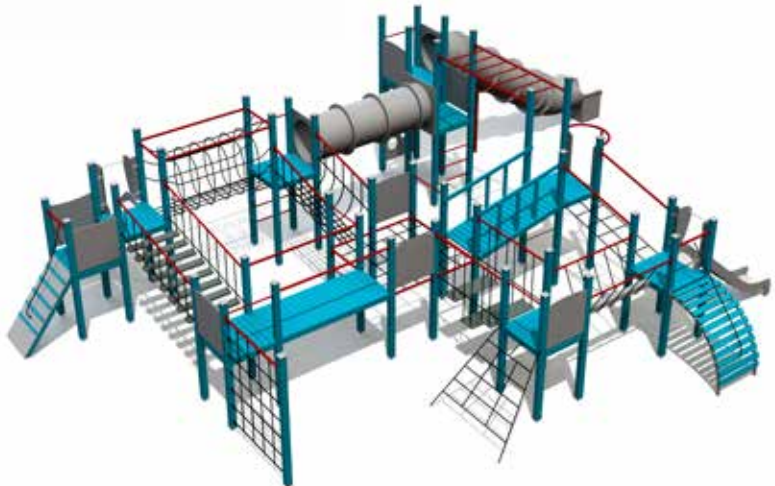

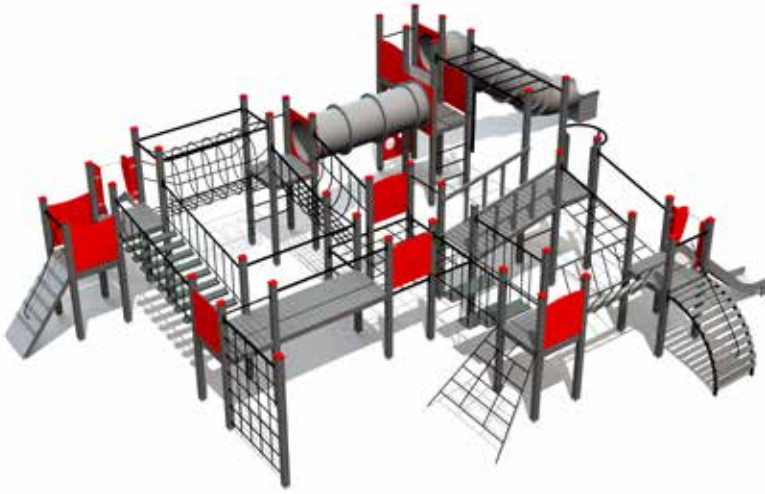

## INSPIRATION

*Although the designs of playground components are limited by strict safety requirements and rules, you can still let your fantasy carry you. Sometimes we come up with unconventional colour combinations, and sometimes customers have specific requests or vision. This is how products covered by a common denominator - inspiration - are born! We are glad to meet your special requests and suggest exciting tailored solutions that blend in with the environment or, on the contrary, attract attention. Inspiration never runs out!*

## THEME PLAY

Of what can you make tables, shelves, walls, houses, castles, fortresses, caves or even skyscrapers? The answer is our LABYROOM L-shaped panels are ingenious in their simplicity allowing the children to create a countless number of different rooms and solutions during play. LABYROOM is safe as it has no sharp corners or moving parts and the plastic coated plywood survives well both indoors and outdoors. The colour palette combines blue, red, green and yellow panels to create a lively and thrilling playground!

# SANDBOXES

## SANDBOXES

*Sand has always fuelled the childrens creativity. There probably isn't anyone who hasn't built sand castles, baked sand cakes, dug holes and tunnels in the sand, etc. In our childhood, we all have spent countless hours in the sandbox and want our children to be able to do the same. Tiptiptap's sandboxes are made of durable laminated timber or pressure impregnated conifer logs to provide a safe and lasting play area for years. To boost the childrens creativity our product range includes optional corner plates, benches, tables, shelters and cabins*

## *PLAY ELEMENTS*

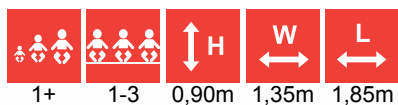

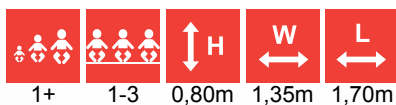

## PLAY ELEMENTS

The 3D rubber animals on the playground are real eye-catchers - the exciting bright-coloured creatures draw you near like magnets! Children won't miss out a single opportunity because they can climb on the rubber animals which boost their fantasy and create a fun play environment. Who would not want to fly a ladybird, ride on the back of a huge dog, hug a dolphin or crawl inside a seashell? Small toddlers will be excited by this three-dimensional world into which the playground has turned thanks to the 3D rubber animals. Although the rubber animals are normally attached to the ground, they can be placed loosely meaning that the animals can be rearranged to create new and more exciting play areas.
